SUMMARY

My name is Asfak Ahmed. I am a front-end web developer. I have been working in the development sector for the past 1.5+ years. I consider coding to be the most important thing in my life. In addition to my development work, I've created [ZenUI Library](#), a UI component library designed for developers to streamline their projects. ZenUI has quickly gained traction and now supports over 1.3k active users.

SKILLS

- Javascript (ES6)
- React Js
- Vue Js
- Git & Github
- Tailwind CSS
- Sass

SOFT SKILLS

- Collaboration and Teamwork
- Communication Skills
- Continuous Learning
- Networking

EXPERIENCE

Doplac CRM, Sylhet, Bangladesh (on-site)

Front-End Developer

February 2024 - September 2024

- Developed a custom **Rich Text Editor** using the browser's Selection API, enabling intuitive text formatting and content manipulation with features like image insertion, video embedding, lists, text alignment, bold, color, italic, font size, heading styles, and hyperlink insertion. Implemented powerful text pasting detection, which includes removing all styles and classes from pasted text, detecting links, and stripping unnecessary tags to maintain a clean and consistent formatting experience.
- Worked extensively with the Google Gmail API to integrate advanced email management features such as composing, replying, forwarding, trashing, and permanently deleting emails.
- Reduced unnecessary CSS generation by 60% in the website builder, improving performance and maintainability of the codebase.
- Developed a web embedding option, allowing users to create custom web forms and generate an embed link that can be integrated into their websites.

Goatmoves Inc, Los Angeles, CA (Remotly)

Front-End Developer

January 2023 - November 2023

- Worked on developing a multi-vendor e-commerce website, focusing on delivering a seamless user experience for both vendors and customers.
- Implemented dynamic and interactive front-end features, enhancing user engagement and simplifying the navigation of the platform.
- Developed a responsive and visually appealing user interface, ensuring a consistent experience across various devices and screen sizes.
